

# Washington, DC: Heartbreaking, Powerful Testimonies on Covid Vaccine Injuries & Deaths

[Washington, DC: Heartbreaking, Powerful Testimonies on Covid Vaccine Injuries & Deaths](#)

*“Now CDC can never say they didn’t know better. No matter what happens going into the future, let it be known that this happened in Washington, DC.”*  
~ Del Bigtree

On November 2, 2021 U.S. Sen. Ron Johnson (R-Wis.) [hosted a panel discussion in Washington, DC that addressed the serious issue of COVID-19 vaccine injuries and deaths.](#)

In the video shared below, Del Bigtree interviews Brianne Dressen, a vaccine trial participant who was severely injured. The video also shares excerpts from other vaccine injured speakers and from a father whose teen son passed away following vaccination.

**Vaccine injured who addressed the panel:**

**Cody Flint**, airline pilot from Cleveland, MS who accumulated 10,000 hours of flight time diagnosed with left and right perilymphatic fistula, Eustachian tube dysfunction, and elevated intracranial pressure following Pfizer vaccination

**Ernest Ramirez**, father from Austin, TX whose only son

collapsed playing basketball and passed away from myocarditis following Pfizer vaccination

**Amy and Abby Alvo**, family from Los Angeles, CA whose daughter suffered adverse reaction from first dose of Pfizer vaccine, having been denied a medical exemption twice, she will be kicked off her collegiate cheer team if she is not fully vaccinated

**Doug Cameron**, farm operations manager from Idaho, permanently paralyzed following vaccination

**Kyle Werner**, professional mountain bike racer from Boise, ID diagnosed with pericarditis following vaccination

**Suzanna Newell**, triathlete from Saint Paul, MN diagnosed with an autoimmune disease and reliant on a walker or cane to walk following vaccination

**Kelly Ann Rodriguez**, young mother from Tacoma, WA reliant on walker following vaccination

**Maddie de Garay**, 12-year old Pfizer clinical trial participant

from Cincinnati, OH confined to wheelchair and feeding tube

**Brianne Dressen**, Astra Zeneca clinical trial participant from Utah, co-founded react19.org, a patient advocacy organization dedicated to increasing awareness of adverse events

**Dr. Joel Wallskog**, orthopedic surgeon from Mequon, WI diagnosed with transverse myelitis following Moderna vaccination

Video available at The HighWire [BitChute](#), [Rumble](#) and [Brighteon](#) channels.

Brianne Dressen thought she was doing the right thing when she signed up for the COVID-19 AstraZeneca vaccine trial in 2020.

She now joins the growing number of severely vaccine-injured at a press conference in Washington D.C., and shares her heartfelt story in-studio on The HighWire.
