The now total desperation of the weather makers and the power structure is glaringly evident on countless fronts. The all out winter weather warfare assault on the Eastern US is taking its toll while the criminal climate engineering cover-up crew at the Weather channel does their best to hide the tracks of the geoengineers. Breaking data from the front lines of the biosphere are beyond bleak, but the corporate media is tasked with hiding such dire data. The US military continues to aid and assist the terrorists, including ISIS. When will the western powers play the global conflict card as their last option to retain their grip on power? The January 6th installment of Global Alert News is below.
