

Your Doctor is the Military Now

Your Doctor is the Military Now

by [James True](#)

April 4, 2020

They injected swine parts into his arm with chasers of mercury and aluminum as he begged for more needles behind a mask that's clinically proven ineffective for viral transmission.

I sent a [video of 4 nurses](#) turned orderlies surrounding a patient as he begged them to stop. One of my hospital administrator friends had zero problems with it. This was a day after he said he was, "too busy saving lives" to hear or see any reports or panels from a Duke/MIT doctor on the [anatomy of Covid-19](#). Meanwhile, he is employed by Raleigh's premier hospitals, [WakeMed](#), and no one inside has ever seen a coronavirus under an electron microscope or considered the science of [exosomes](#).

This is a virus of evacuated humanity surviving inside a hollow host. Listen up, people – that dude was one of my

closest friends. If he won't listen to me, he will not be listening to you either. He is immune to appeal. He has decided assault is saving lives now.

People don't understand the war that has been unleashed on the populace. The government has weaponized the national guard and the healthcare industry to make us "clean." If biological-cleansing doesn't scare you, I suggest you head-on into the hospital and ask them for a shot to vaccinate you from your own humanity because that's the state's prescription for all of us now.

Remember. The people with no ego who have given children vaccines are your biggest, largest, most imminent threat right now. They will not stop. They will insist needles are good for you and don't care if it kills you. They have projected their own shame into your body and turned it into a bioweapon and vaccinating all of us is the only way for them to feel better.

The vaccinated don't want you to feel better – they want them to feel better.

Anyone who's taken the time to study vaccines represents truth to them. They need that truth vaccinated to stop the pain from their own guilt. What makes my friend so dangerous is he is an innocent victim. He signed up to help people and the system lied to him. He will never admit he was wrong. Society took his ego a long time ago. He is lost in the spellcraft of language:

abortion = reproductive services

genital mutilation = sanitation services

medicine = fentanyl, and aluminum

safe and effective = mercury injections

immunity = swine parts injected below the skin

cancer therapy = radiation poisoning

never asking about diet = practicing medicine

Germ theory defies Koch's first postulate.

Modern medicine has built its entire foundation on germ theory. Germ theory is the idea the poison is inside you. Terrain theory is the idea the poison is on the outside. Why do hospitals not consider terrain theory or diet? Because they practice protocol instead of medicine. Why? Because the system was rigged long before they got here. Dr. Kaufman recently interviewed Dawn Lester and David Parker on [The Real Science of Germs](#). There is much to unlearn.

FACT: You can have a specific germ in your body and not be sick.

FACT: You can be sick and not have the specific germ.

FACT: Germ theory is flawed.

This same lie was used to indoctrinate millions in the horrors of the military. These people in charge of these industries know exactly what they are doing. They have weaponized narcissism. The situation will grow worse unless a revolution happens inside the healthcare industry. I can tell you this though. It will not be coming from my friend. I don't think it will come from anyone inside the machine. It would be like when I was in the Navy trying to convince everyone around me we had to stop [hurting whales with sonar](#). My conscience and empathy were a threat to my crew and national security. The same scenario now surrounds the entire world. Calling yourself an "essential worker" is weaponized narcissism. How many times

do we have to go over this?

History repeats itself 101 years later.

The military is now in the [business of medicine](#) and none of you gets to choose your doctor. Ask yourself. When did the government become in charge of every medical opinion in America? Then ask, how can you get a second opinion. Is it even possible now? You can't [enter the state of Florida](#) without being tested for a virus you were born to produce.

Those of you remaining silent are compliant. I just wanted to make that clear. You are allowing this to happen. The future will never be the same. What happens in the next 30 days will change the course of your DNA forever. The door is closing. The people insisting Trump is Hitler now want him to round everyone up and rape them with needles. These people would rather put you to sleep than wake up. This is going to be very messy. They will treat you like a virus and put you in a body bag for not complying with their guilt. We are being invaded by a zeitgeist that infects our minds. The virus is a glue made from conformity and compliance.

7 million people

I was trying to look this up earlier and could not easily find reliable information on the internet, mostly due to a new popular claim that 7 million **people starved to death in the Great Depression!**

history.stackexchange.com › questions › how-many-people-in-the-us-...

[How many people in the US starved to death during the Great ...](#)

About Featured Snippets Feedback

Doctors, Nurses, Cops, Firefighters, Lawyers, and anyone with a tie. You will kill more by following orders. Do your homework.

Stop pretending there's such a thing as experts. Compliance will lead to millions of lives lost as a result of mass economic collapse. The Great Depression killed 7 million people. All of our food comes from the same trucks. The situation will be nineteen times worse by Winter and history will claim it was the fault of the unvaccinated and the result of Covid-19, the humanity virus. Your doctor is the military now.
