As America continues to be overwhelmed by an obviously orchestrated mass intrusion of immigrants over its borders, the utter hypocrisy of increasingly stringent so-called “security measures” for the rest of the population paints a very clear picture.

There is no terrorism threat to the United States. It’s bogus now and has been completely fraudulent from the get go.

If there were such a threat, not only would this flood of illegals not be allowed never mind clearly encouraged, but anyone crossing the border would have to undergo the same rigorous Orwellian strip downs, x-rays, inspections and interrogations normal citizens are subjected to. On top of that, once they are herded over the border they are being given escorts to safe havens including military bases, given supplies and free transportation to destinations around the country, and are in line for free health care, legal representation and a plethora of other benefits that will no doubt prove back-breaking to the American economy and way of life.

All by design, while cardboard cut-out Obama, the human decoy, takes his multi-million dollar 2-week summer vacation at swishy Martha’s Vineyard. Get the picture? There’s no concern because they are transparently behind it. Besides, while the stage prop Obama is away the real rulers in the shadows can

have a field day without having to worry about programming their mouthpiece. Hence all the “vacations” for this vapid useful idiot.

The Set Up – Destruction, Division, the NAU and False Flag Fuel

As point men for this corrupt administration continue to almost mockingly repeat their inside call to action to “not let a crisis go to waste“, this infestation into an already delicate social fabric teetering on the brink of financial collapse is designed to have multiple effects. Besides the obvious economic and governmental services overload, there will be serious job displacement and increasing gang activities in urban areas.

This in turn will further fuel an already incensed American populace, leading to increased violence, and most of all division, their weapon of choice. All fanned by increased fear and anger, the emotions they most play on which keep the population in its most vulnerable as well as suggestible state, where the media hype and propaganda can steer them most effectively.

And one of those end results they’re directing Americans head long into is a borderless North American Union between the US, Mexico and Canada which they’ve been working towards for some time. Wouldn’t that make a nice problem-reaction-solution? Immigration crisis – outrage – erase the borders. When they stage a “crisis” this big and so many resources are involved you know they’re going to try and capitalize on it in every way they can, as they did with 9/11.

Even more insidiously, the preplanned staged false flags they want to further perpetrate on the American people will have the ultimate cover. “OMG – the terrorists must have crossed over the border with all of those poor refugees we were trying to help!” How convenient. Now the FBI, CIA, Mossad and all the rest can really go to town with all the patsies they can

pick. The fact that the flood has already happened makes it a fait accompli, no matter what window dressing measures are made from here on out to pretend the government is handling this "crisis". They'll make sure hordes make it across first before doing anything, you can be sure of that.

The Watered Down "Crisis" Meme

Calling something a "crisis" has become so banal, so patently nondescript, so inaccurate, it's mind numbing. It's no wonder they love to repeat this term, it says nothing any more having been fully media-cized. It only says there's a problem somewhere that is happening, with that usual liberal hand wringing overtone. It never points to the cause, it never names the perpetrators, it never fingers the agenda being played out or identifies the true nature of what's going on. They always use generalities that can be word played by speechwriters and presstitutes.

And that's how they want it. Vague and manipulable.

No culpability, no "opinion" in the matter, no identified, addressable cause, just mush. This is how they keep the masses disempowered. They only use identifying words and strong statements for "enemies" or those they're promoting. Then they get real clear, like "Palestinian Terrorists" and "Israeli Victims" while Israel bombs Palestine and continues its genocide of a defenseless population already held in a state controlled prison environment. All without a peep as to what's really going on.

It's the language of totalitarians, and it's worse by the day.

Exposure – Light Brings Truth -Truth Brings Awareness and Empowerment

While so much appears to be deteriorating at an accelerating pace, so the wake up continues to proliferate. They've shown their hand and humanity has had enough, despite those who are sleeping, boiling frogs who refuse to see the obvious. Their

campaign to drug and mind control has had limited success, and will never thwart the rise of consciousness now sweeping the planet.

The so-called elites have moved into the dystopian stage and have totally blown their cover. Even mainstream Americans are getting it now as this border fiasco continues to escalate and the dots start to connect.

As more people by the day are “getting it” and opening their eyes to the obvious attempt to enslave humanity, the tide of vibrational awareness and resultant disengagement with their matrix of deceit rises. Without our cooperation they have nothing. Nothing but their own insane devices eventually with no one to carry them out or support them.

“Wars will be stopped only when soldiers refuse to fight, when workers refuse to load weapons onto ships and aircraft, when people boycott the economic outposts of Empire that are strung across the globe.” – Arundhati Roy

Join the tide. Every exposure, every disengagement from their parasitic system, every communication of truth, every civil disobedience helps build the crescendo of Truth sweeping the planet.

We can take them down. Their structure is a fabrication, an overlay on human consciousness, and it cannot survive without our cooperation.

Activate, communicate, disengage and disobey...and live in your innate freedom. Fully.

“I became convinced that noncooperation with evil is as much a moral obligation as is cooperation with good.”
-Martin Luther King Jr.
