Zen Gardner talks to The Human Condition Tv host John Consemulder.

A deep talk about what it means to be truly awake(ened), to live according to your calling, the dilemma to take action or to be at peace (or to do or to be), the future of humanity and natural evolution, true change and what it takes, the cabal or illuminati (and our own 'New World Order') and more.

Actually some cosmic timing, because this talk reflects our current state of affairs worldwide and how to handle it, during this amazing opportunity for true change and worldwide transformation.

[Zen Gardner](#) is an impactful and controversial author and speaker with a piercing philosophical viewpoint.

His writings have been circulated to millions and his personal story has caused no small stir amongst the entrenched alternative pundits. His book *You Are the Awakening* has met rave reviews and is available on [amazon.com](https://www.amazon.com). *You Are the Awakening* examines the dynamics of the awakening to a more conscious awareness of who we are and why we are here – dynamics which are much different from the programmed approach of this world we were born into.
